

Earth & Environmental Science Seminars - Spring 2021 Schedule

	DATE	SPEAKER	TITLE	HOST	Where?
1	January 29	Introduction to the Seminar	<i>Intro to the Seminar</i>	Maria Tzortziou	Zoom
2	February 5	Emily Read Chief, Web Communications Branch USGS Water Mission Area	<i>Water Data for the Nation: User-centered design for delivery of USGS water data and information</i>	Maria Tzortziou	Zoom
3	February 12	University Closed	<i>University Closed</i>	Maria Tzortziou	Zoom
4	February 19	Laura Logozzo (CCNY/EAS Alum) PhD Candidate Yale University, School of The Environment	<i>Dissolved organic carbon cycling in rivers and estuaries</i>	Maria Tzortziou	Zoom
5	February 26	Ashok Deshpande NOAA Research Chemist, James J. Howard Marine Sciences Laboratory at Sandy Hook, NJ Northeast Fisheries Science Center NOAA Fisheries	<i>History, Discovery, and Chemistry of Plastics</i>	Maria Tzortziou	Zoom
6	March 5	Rob Kayen Research Civil Engineer USGS Pacific Coastal and Marine Science Center	<i>TBD</i>	Maria Tzortziou	Zoom
7	March 12	Hannah Morrisette PhD Candidate University of Maryland Center for Environmental Science	<i>Resolving the temporal and spatial variability of tidal marsh sediment dissolved organic carbon sorption</i>	Maria Tzortziou	Zoom
8	March 19	Roy Armstrong Professor, Department of Marine Sciences University of Puerto Rico Director, NOAA Center for Atm. Sciences at UPRM	<i>Sargassum Accumulation in Coastal Areas: A New Harmful Algal in the Intra-Americas Seas</i>	Maria Tzortziou	Zoom
9	April 9	Elizabeth Cochran Research Geophysicist USGS Earthquake Science Center	<i>TBD</i>	Maria Tzortziou	Zoom
10	April 16	Atsushi Matsuoka Research Assistant Professor Marine Sciences & Ocean Engineering University of New Hampshire	<i>Ocean Colour Remote Sensing in Polar Seas</i>	Maria Tzortziou	Zoom
11	April 23	Andrea Gomez (CCNY/EAS & CESSRST Alum) Marine Biologist/Environmental RS Scientist New York University	<i>Evaluating Coral Reefs using Remote Sensing in Southwestern Puerto Rico</i>	Maria Tzortziou	Zoom
12	April 30	Veeshan Narinesingh Physics PhD Student The CUNY Graduate Center	<i>Atmospheric blocking: fundamentals, climate change, and response to forcing from orography</i>	Maria Tzortziou	Zoom
13	May 7	Allan Kolker Research Geologist USGS Geology, Energy, and Minerals Science Center	<i>Rare Earth and Critical Elements from Coal and Coal Waste: What Does Geology Tell Us?</i>	Maria Tzortziou	Zoom
14	May 14	Hillary Brown Director, Sustainability in the Urban Environment MSc Program CCNY Professor, Spitzer School of Architecture	<i>"Next Generation" Urban Systems</i>	Maria Tzortziou	Zoom

Contact: Organizer Professor Maria Tzortziou, Email : mtzortziou@ccny.cuny.edu, @mtzortziou
